## ABRIDGED RULES OF THE GAME.

**BULLY.**—The game shall be started (and re-started after each goal and half-time) by one player of each team together bullying the ball in the centre of the ground. To bully the ball each player shall tap first the ground on his own side of the ball and then his opponent's stick three times alternately; after which one of these two players must strike the ball before it is in general play. Every other player shall be nearer to his own goal-line than the ball is, and no other player shall stand within three yards of the players participating in the bully.

**GOAL.**—A goal is scored when the ball has been hit by or glanced off the stick of an attacker, whilst **WITHIN THE STRIKING CIRCLE**. The fact that it strikes the stick or person of a defender before passing between the posts makes no difference as long as it was hit by an attacker within the circle.

**OFF-SIDE.**—A player is off-side if at the time the ball is hit or rolled in he is nearer his opponents' goal-line than the striker or roller in, unless there be at least three of his opponents nearer than he is to their own goal-line. A player cannot be off-side if he is in his own half of the ground, or if the ball is hit by one of his opponents or by one of his own team who is nearer the opponents' goal-line than himself.

**STICKS.**—When striking at the ball no part of the stick shall be raised above the shoulder, either at the beginning or end of the stroke.

**UNDERCUTTING.**—No player shall intentionally undercut the ball.

**SCOOP STROKE.**—This is permissible, but the umpire shall penalise it in any particular instance if it is dangerous in itself or likely to lead to dangerous play. The ball may be hit whilst in the air.

**ROLL-IN.**—When the ball passes over the side-line it shall be rolled in, along the ground, from the point where it crossed the side-line, by one of the team opposed to the player who last touched the ball.

**BEHIND.**—When the ball is hit over the goal-line by an attacker or unintentionally sent over the goal-line by one of the defending team it shall be brought out 25 yards in a direction at right angles to the goal-line from the point where it crossed the line, and there "bullied."

**CORNER.**—If the ball glances off the stick or person of, or is intentionally sent over the goal-line by one of the defending team, a corner shall be awarded to the attacking team. A player of the attacking team shall have a hit from a point on the side or goal-line within three yards of the nearest corner flag, and at the moment of such hit the feet and sticks of all the defending team must be behind their own goal-line, and the feet and sticks of all the attacking team must be outside the circle in the field of play.

**PENALTY CORNER.**—A penalty corner hit shall be taken from any point on the goal-line on either side of the goal at a distance of not less than 10 yards from the nearer goal-post. No goal can be scored from a corner hit unless the ball has been stopped (not necessarily motionless) or has touched the person or stick of one of the defending team before the last stroke of the attacking team.

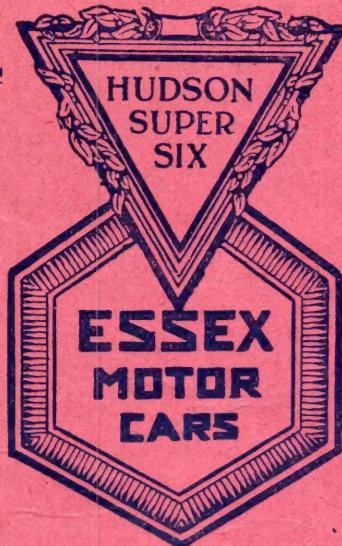

**GENERAL DETAILS.**—The ball may be caught or stopped, but if caught must be immediately released. The foot, if used for stopping the ball, shall be removed immediately.

The ball may not be picked up, carried, kicked, thrown or knocked on or back except with the stick.

Hooking sticks is only permissible when the stick hooked is within striking distance of the ball.

A player shall not obstruct by interposing himself between an opponent and the ball, nor shall he tackle from an opponent's left, unless he touches the ball before he touches the person or stick of his opponent.

The goalkeeper is allowed to kick the ball, but only in his own striking circle.

# THE WORLD'S GREATEST BUY

NEVER before has there been so fine a Hudson, or such a high-quality Essex—and never before have prices been so low. You already know the reason. Backed by the engineering brains of America and with almost limitless resources at their disposal, Hudson—Essex are able to meet the most sensational demand in their history. Protect yourself by buying either Hudson or Essex—New Zealand owners everywhere will testify to value given.
